VOIPARTY PHONE NUMBER:

This is the number assigned to your VoiParty box.

This is your new land line number with free long distance to the US and Canada.

You'll make those calls using the phone plugged into your VoiParty box.

If you want people to call you on a land line, they can do so using this number.

You plug your 'base' phone into your VoiParty Box.

Give this number to anyone you want to call you on a land line and you'll receive that call on the phone that's plugged into your VoiParty Box.

Since we are in prelaunch, do not expect that all phone features are working, as they are not, and it is to be expected.
